PRODUCT HIGHLIGHTS

- 46" Convertible AudioBar
- 4 Mounting options
- Wireless Active subwoofer

A versatile, modern design makes this AirTrack a true standout.

A unique convertible design is the highlight of the Samsung HW-E550 Home Theater. Twin towers can be paired together standing up like traditional speakers or wall-mounted, or joined to form a complete AudioBar which can sit on a TV stand or can be wall-mounted; either way, they're designed to perfectly match the width of your 46" Samsung HDTV. Completing the picture: a wireless subwoofer, which delivers tight, thundering bass for every show and movie.

HW-E550

HW-E550 AudioBar

FEATURES

4 mount options:
- Tarditional speakers (stand)
- Traditional speakers (wall-mount)
- Complete AudioBar (stand)
- Complete AudioBar (wall-mount)

310 watts

2.1 channel

Wireless Active subwoofer

2-way 2 speaker system

3D Sound Plus: 3D sound for your 3D viewing environment. Samsung's sound processing technology, combines its latest advancements in sound, 3D depth Sound, Vertical Surround and Horizontal Surround, to deliver a more realistic 3D experience for a truly heart-pounding, immersive adventure.

Bluetooth®: Connect to other Bluetooth devices.

Audio Return Channel: Eliminates the need to use two cable connections, instead all you need is one HDMI® connection between your Sound bar and TV. TV Audio will be sent to the AudioBar and AudioBar audio (from connected external devices) will be sent to the TV using the same HDMI® cable.
